Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and advertising office, 30 North Michigan Avenue, Chicago 2, RAndolph 6-4076. Annual subscription, \$2.50; single copies 15 cents; circulation 6,300 copies. Second class mail privileges authorized at Chicago, Illinois.

here's why

S. S. WHITE BORDEN AIROTOR NEW MODEL B

is preferred

- 1 Water, air and lubrication are delivered to the handpiece rotor by concentric hoses.
- 2 Quick removal or attachment of handpiece is facilitated by quick coupling assembly on the hoses at the control unit terminal and at the handpiece.
- 3 Exclusive lubrication device permits operation at air pressure as low 10 lbs. p.s.i.
- 4 Lubricating action can be observed through exposed lubricator dome.
- 5 Coils in the Solenoid valve assembly are waterproof.
- 6 Air filter removes all particles more than 4 microns in size.
- 7 Air pressure easily checked for speed control on visible calibrated gauge with high pressure area red. When 30 lbs. pressure is present (recommended maximum) the gauge needle stops at the edge or just inside the red area.

Applicants for Membership

Contributions: Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever. Manuscripts and news items of interest to the membership of the society are solicited.

Form close on the first and fifteenth of each month. The early submission of materials will insure more consideration for publication.

A Jectron denture will not shrink, warp or water-swell. It is the only denture that is permanently form-stable. That's why Jectron dentures fit so much better...so much longer...than any other. And that's why thousands of doctors now prescribe Jectron exclusively for their denture patients.

JECTRON

For prompt, dependable service, and a denture that relieves problems of warpage and fracture, order your next case in JECTRON —from one of these fine laboratories . . .

...with the NEW Carpule Disposable STERILE NEEDLE

Guaranteed sterile—it's as safe as a needle can be. Positive protection from the virus causing hepatitis and other hard-to-kill organisms. Free of protein soil that might cause postoperative reactions. Reduces to an absolute minimum the calculated risk of breakage.

Greater comfort for the patient, too—the new sharp needle causes less trauma, the Huber Dental Point assures optimum accuracy in placement.

As for convenience, nothing has equalled the Carpule Disposable Sterile Needle in the local anesthetic field since the introduction of the cartridge itself! Time-saving, effort-saving, money-saving—the latest and most efficient accessory for your operative technic.

Another Pioneering Advance from

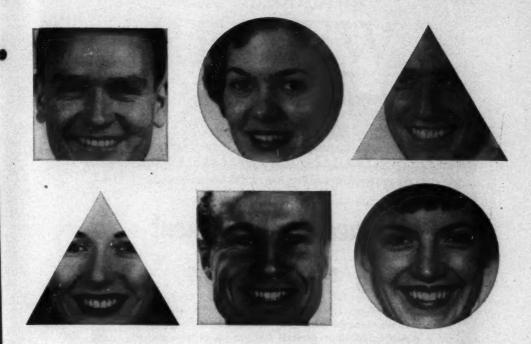

1450 Broadway . New York 18, N.Y.

The Calendar

- December 1: KENWOOD-HYDE PARK BRANCH: Regular monthly meeting will take place at the Del Prado Hotel. Dr. Bob Hancock will speak on "Harmonies of Denture Esthetics."
- December 1: NORTHWEST SIDE BRANCH: Regular monthly meeting will be held at DiLeo's. "Common Mistakes in Oral Surgery" will be discussed by Drs. M. V. Kaminski, Viggo Sorensen and Elaine Stuebner.
- December 1: SOUTH SUBURBAN BRANCH: Regular monthly meeting at Lincoln Heights Restaurant will be Dental Assistants Night. Dr. Walter E. Dundon will talk on "You and Your Dental Assistant."
- December 1: CHICAGO DENTAL ASSISTANTS ASSOCIATION: The North, Northwest and North Suburban Branch will hold a meeting at the Villa Sweden Restaurant. See page 27 for further information on this meeting and meetings of other C.D.A.A. branches.
- December 3: NORTH SUBURBAN BRANCH: An afternoon, dinner, and evening meeting will be held at Fort Sheridan. Program begins at 2:00 p.m. with a social gathering from 5:00 to 7:00 followed by dinner and entertainment. The program will feature Col. Ioseph Bernier.
- December 5: ILLINOIS DENTAL LABORATORY ASSOCIATION: Party and annual meeting will be held at the LaSalle Hotel.
- December 7: WEST SUBURBAN BRANCH: Round Table 25th anniversary meeting will be held at the Oak Park Club. Mr. J. R. Hancock of Dentists Supply Company will be the narrator of a program on "Individuality and Esthetics in Denture Construction."
- December 8: ENGLEWOOD BRANCH: Annual Old Timers dinner-meeting will take place at Nielsen's Restaurant, honoring members with twenty years service in organized dentistry.
- December 8: WEST SIDE BRANCH: Regular monthly meeting, to be held at the Midwest Athletic Club, will feature a two-hour color-slide demonstration of esthetics in dentures, presented by the Dentists Supply Company.
- **December** 8-9: WEST SUBURBAN BRANCH: An evening meeting on the 8th and an all-day work-shop on the 9th will take place at the Riverside Country Club. Abraham Berliner, D.M.D. will talk on "Periodontia."
- December 9: NORTH SIDE BRANCH: An all-day workshop in Practice
 Management will be presented at the Tam O'Shanter Country
 Club, starring Dr. James Kershaw.
- December 10: ILLINOIS DENTAL HYGIENISTS ASSOCIATION: Annual Christmas party will take place at Younker's Restaurant, with dinner at 7:15 p.m.
- December 15: CHICAGO DENTAL SOCIETY: The third of the season's meetings on Practice Administration will take place in the Waldorf Room of the Conrad Hilton Hotel. Dr. John C. Brauer will talk on "The Dental Assistant and Successful Dental Practice."

 Please turn to page 13 for complete information.
- February 7-10, CHICAGO DENTAL SOCIETY: 95th Midwinter Meeting will take place at the Conrad Hilton Hotel.

E.P.F. DENTURES PROVIDE PERSONALIZED ESTHETICS — PHONETICS — FUNCTION

There is today an increasing awareness of the importance of esthetics in complete denture construction. Many techniques, procedures, "rules" have been advocated in the past . . . many more are being offered today.

Many of our dentist customers have been seeking a sensible, practical method for achieving lifelike denture esthetics; one system or technique which is best for the majority of complete denture cases... and we believe the Trubyte EPF Complete Denture Technique is the answer.

May we show you how we can help you to build patient enthusiasm and develop your prosthetic practice? We're as near as your telephone.

Continued Improvement M NOBILIUM

The Nobilium restorations processed today are better than the cases that have been constructed in the past . . . And the Nobilium partials that are yet to be designed and cast in the future are certain to have advantages not obtainable today. The reason for this continued improvement is the research and development carried on by Nobilium in its laboratories and manufacturing plants in Chicago, Los Angeles and Philadelphia. The patent recognition granted for Nobilium's products, known the world around, have not been ends in themselves-but only challenges for us to forge ahead with improvements in all Nobilium products and processes.

To you this means assured satisfaction whenever you prescribe Nobilium service. You get the finest cases that it is possible to produce-and your patients get the greatest comfort, aesthetics, and functional perfection. Call your nearby Nobilium laboratory when you have a partial to be made.

Volume 38 . No. 11

MIDWINTER PREVUE

Orville C. Larsen, Assistant Editor

n February 7, 1960, the Chicago Dental Society will open the doors for the 95th time on its Midwinter Meeting at the Conrad Hilton Hotel in Chicago. Here is some advance information on what you will have an opportunity to see, hear, and do for four exciting days.

The General Session on Monday night, which was omitted last year because of the Civic Luncheon kicking off the American Dental Association's Centennial Year, will again be held, with a speaker of note to be announced later. The Dinner-Dance will be back on Wednesday night, and the ladies will have their big affair on Tuesday afternoon as usual. There will be all the regular features, the essay and clinic programs, the panels, and in addition breakfast conferences each morning in the form of questionand-answer periods. Another innovation will be a personal movie presented by Dr. and Mrs. Jerome Schweitzer of New York, in the Upper Tower Ballroom on Sunday evening. This non-scientific film promises to be one of the highlights of the

Of special interest will be the eleven

panels presented throughout the Meeting. These will cover Complete Dentures, Practice Administration, Group Dental Health Plans, Pedodontics, Endodontics, Periodontal Therapy, Trauma in Periodontics, Nutrition and Health, Fixed Partial Prosthesis, and a panel entitled, "How to Retire before you Expire." This panel will be composed of a banker, an insurance man, an investment broker, a lawyer, and Dr. Merritt Pedersen of Nebraska who will report how he has used these four avenues of business in his work. The moderator will be Dr. Samuel Kleiman. The panel on Nutrition and Health will be moderated by Dr. Edward J. Ryan and will consist of four outstanding men who will try to guide the members into the proper channels of good health. These should be personally profitable to all in attendance. Another important panel is the one on Group Dental Health Care Plans. The Society has written to the Presidents of the 50 State Societies inviting them to send representatives to this panel. On Sunday afternoon there will again be a student panel with Dr. Wm P. Schoen moderating, and panel mem-

DR. JOHN C. BRAUER

THE DENTAL ASSISTANT

AND

SUCCESSFUL DENTAL PRACTICE

by

DR. JOHN C. BRAUER

Dean, University of North Carolina School of Dentistry

CONRAD HILTON HOTEL

WALDORF ROOM

December 15th, at 8:00 p.m.

DR. BRAUER has been a leader in dental education for more than thirty years. He was graduated from the University of Nebraska in 1928 and taught there from 1930-1936. He has also been on the teaching faculties of Emory University, University of Iowa and the University of Washington. He served as Dean of the University of Southern California, School of Dentistry, 1949-50 and has held his present deanship at the University of North Carolina, School of Dentistry since 1950.

In his presentation Dr. Brauer will deal with the need for well-trained assistants, fallacies of on-the-job training, salary considerations, the number of assistants required and successful methods for retaining an assistant. In a second phase he will discuss the relation of the assistant to other personnel, and the training programs available and their effectiveness. Finally, he will discuss what we can and must do to meet the problem.

WIVES AND DENTAL ASSISTANTS
ARE ESPECIALLY WELCOME

MARK OFF DECEMBER 15th . . . and be at the CONRAD HILTON HOTEL

Movies at 7:00 p.m. for early arrivals

HAROLD HAYES
President

TED VERMEULEN
Monthly Program Chairman

Editorial

Are You Your Brother's Keeper?

I would say you were, for more reasons than space would permit me to enumerate. Sufficient to say you are, because he and all those who are or were members of our great profession have passed on to us our great heritage of the past century. To those hardy pioneers who nurtured and labored for dentistry while it grew from a craft to a full fledged healing arts profession we owe more than just a casual thank you. As part of that heritage they have passed on to us the Dental Relief program born out of the suffering and travail of the great San Francisco earthquake when the dentists of that area were wiped out by the catastrophe. With the meeting of that need it was thought that this great project should be continued to care for those of our profession whom tragedy or misfortune has overtaken. Because they did, hundreds have had their sunset years of life made more liveable and pleasant and free from the stigma of being charity wards.

Because of a recent action of the House of Delegates of the American Dental Association it is anticipated that those states meeting their quotas will be given an additional quarter of their allotments and thereby it is hoped no one will be denied necessary assistance. It is desired that each member will make his minimum contribution \$5.00. If each of us will do this no one will have to be short-changed because we did not care enough to see him through his difficult times.

Give generously and you will be repaid over and over again in the feeling of warmth that comes from sharing. And, those who were helped will bless you.

Regular Monthly Meeting of the Chicago Dental Society

Conrad Hilton Hotel

November 17, 1959

President Hayes called the meeting to order at 8:00 p.m. sharp. A motion was made and seconded to dispense with the reading of the minutes of the October meeting. Motion carried. A motion was made, seconded and carried to approve the minutes of the October meeting as published in the November 15th issue of the FORTNIGHTLY REVIEW.

New Business:

- (a) A one-hour film was shown before the regular meeting which was enjoyed by the early participants.
- (b) Attention was called to the December 15th meeting John Brauer, Dean at North Carolina, to be the principal speaker.
- (c) Dr. Ted Vermeulen, Chairman of the Monthly Program Committee, welcomed the assistants, wives and the hygienists, for they are a part of the team, for so boldly venturing out in zero weather to hear such an outstanding essayist and educator. He then introduced Dr. Bliss who had the audience spellbound for almost two hours on presentation of "principles of patient education and motivation" and application of these principles in prosthodontia.

Respectfully submitted,

Paul Kanchier, Secretary

News and Announcements

RE-REGISTRATION OF LICENSES

If you have not registered your present office address with the Department of Registration and Education, you will not receive license re-registration application blanks early in January. Without these application blanks being completed and returned to the Department during the month of March 1960, you will find yourself illegally practicing dentistry and subject to discipline by the Board of Dental Examiners, as well as financial penalties.

If there is any doubt that you have registered your present office address, write to the Department at Springfield, giving your name as it appears on your license, the number of your license, and your office address or addresses.

For your own protection, do this at once.—Joint Commission on Legislation and Law Enforcement, Illinois State Dental Society.

AUGUST PRITZLAFF TO BE HONORED

On Monday, January 11th, 1960, Mr. August Pritzlaff, Director of the Bureau of Health, Physical Education, and Recreational Service of the Chicago Board of Education, will be honored at a dinner in the Grand Ballroom of the Conrad Hilton Hotel. Mr. Pritzlaff, who is retiring from his position at the end of Janu-

ary, has for many years cooperated with the Chicago Dental Society and the American Dental Association in promoting and improving dental health education in the schools of Chicago.

Since 1939 he has served as Chairman of the Joint Planning Committee for Dental Health Education, with the responsibility for planning a city-wide dental health education program for the elementary and secondary schools of Chicago. In 1941 he promoted the school dental clinics and was responsible for their operation until 1952.

In recognition of his long, tireless and dedicated service to better health it is hoped that many of August's friends in the health professions will gather at the Conrad Hilton on Monday, January 11th, to pay tribute to him.

Reservations will be \$7.50 per person for dinner and gift and can be made through Dr. John Bergmann, Chief of the Dental Health Section of the Chicago Board of Health, 54 W. Hubbard St., Chicago 10, Illinois, or through Miss Barbara A. Hawkins, Room 726, 228 N. La Salle St., Chicago 1, Illinois. Make all checks payable to Barbara Hawkins.

C.D.A.A. MEETINGS

There will not be a December meeting of the Chicago Dental Assistants Associa(Continued on page 27)

Where Do We Get Written Work Order Forms?

Since the announcement concerning written dental laboratory work order form requirements, the Joint Commission on Legislation and Law Enforcement has received many questions concerning this new law. The chief question, however, is "WHERE DO I GET WRITTEN WORK ORDER FORMS?"

We suggest that dentists contact the dental laboratory which serves them, and make inquiry concerning the securing of forms which will comply with Section 5b of the Illinois Dental Practice Act. Questions also may be directed in writing to the office of the Joint Commission on Legislation and Law Enforcement of the Illinois State Dental Society at 30 N. Michigan Ave., Chicago 2, Illinois.

Those dentists printing their own work orders must have the form approved by the Joint Commission on Legislation and Law Enforcement.

News of the Branches

South Suburban

Before anything else, may I remind you that the December meeting is Dental Assistants' night. Bring your assistants along. There will be speakers of interest to them. Among them will be Walter Dundon who will speak on "You and Your Dental Assistant." . . . The South Suburban Branch wishes to extend its sympathy to Myron Bardige whose father passed away about three weeks ago. . . . At our last general meeting Dr. Lester Boyd gave a talk on full mouth rehabilitation. The next day he gave a full-day seminar which was attended by thirty-two dentists. If you didn't have a chance to attend it would be a good idea to contact one of the men who were there and find out some of the techniques and ideas which he showed. Just to mention a few, he has a marvelous way of taking a bite for constructing bridgework. It's easy to take and it eliminates that problem of grinding away anatomy because of high spots when seating bridgework. Another technique of interest is his method of a pulpotomy on a permanent tooth. He also gave to us a list of literature in the form of pamphlets and reprints of articles which one can give to patients to help educate them in their specific dental problem. . . . Herman Gornstein is getting together a list for a group order of the materials and literature suggested by Dr. Boyd. Anyone who is interested may contact me and I will relay the order to Dr. Gornstein. . . . On Nov. 10, the Board of Directors meeting was held. One of the things discussed was the policing of the dental labs under the new law. A motion was passed to see if it will be possible to have an individual dentist authorized by the state to check dental labs and ascertain whether legal work orders are present for all work being done. . . . After the Board meeting, an organization meeting was held to form study clubs within our Branch. Nothing concrete has been decided yet; however,

as soon as there is, I will report it to you.
... I have been told that our own Dr.
LeRoy T. Rowland was honored at the
St. Francis Hospital in Blue Island.
... A couple of sad notes ... Sid Bayer has
suffered another heart attack. Charlie
Buckman broke off a 35-inverted cone
burr in his index finger and had to undergo surgery for it.
... Don't forget to
take your dental assistant to our December meeting.—Donald H. Murphy,
Branch Correspondent.

Englewood

Those who missed our column in the last issue may be interested to know that the postoffice delivered the copy to the Dept. of Internal Revenue instead of the FORTNIGHTLY REVIEW office. It was returned too late to beat the deadline for publication. The boys must have been disappointed at the dearth of information about Cadillacs, minks, exotic cruises to far-off lands and other symbols of affluence. . . . Vince Milas reports on where he saw Englewood members at the A.D.A. Centennial meeting before Nikita got there . . . and what a fine affair it was with overwhelming attendance crowding the Coliseum: "saw Tom Cavanaugh in a barber shop on 53rd St. . . . Tom Starshak at St. Patrick's . . . Ernie Goldhorn pointing out the tall ones (buildings) to Ed Serr . . . and at Yankee Stadium: Harold Hayes, Bill Hillemeyer, Ernie Goldhorn, Dan Duffy, Henry Mathews, Joe Plewa . . . at the theatre, Lew Weil (he didn't miss a single one) . . . escorting a prim young one down Fifth Ave., Roman Urban . . . Paul Kanchier in a French restaurant on Third Ave. . . . and earnestly taking in the scientific sessions, Ted Vermeulen, Ray Van Dam, Ed Wach, Joe Ruzic, Frank Farrell, Ben Jostes, Gus Solfronk, Tom Fleming . . . and after the party was over the fellows scattered in all directions,

SIEMENS

The Siemens-Dentalunit SIRONA and the Siemens-Motorchair SIRONA are the choice of the world, best suited for every technique and taste.

They are truly the

Ultimate in Perfection

SIEMENS NEW YORK INCORPORATED DENTAL DIVISION

118 East 28th Street New York 16, N.Y. USA

Distributed by dealers only!

New England states, Canada, Bermuda, points south, and the most fabulous trip was taken by Wally Miller, a cruise to Venezuela." . . . It was sad to hear of the death of old timer Fred Molt, renowned Oral Surgeon who was one of Englewood's best in its early history. . . . Reuben Anderson reports his son, Lt. Comdr. Robert Anderson, is in the Philippines. . . . Bancheral mourns the passing of summer and his beloved dahlias. . . . Congratulations to Stan Pacer; his son, Fred (So. Sub.), was wedded to Joan Ackerman, well-known Sec'y to State Journal Editor, Dean Schoen. . . . Congratulations to Tom Starshak on the arrival of his second granddaughter. . . . Frank Ryan reports he has seventeen grandchildren. . . . Out in the northern area of the branch is the Brighton Park Study Club where the following chomp their chops and talk shop: Gapsis, Marcin, Larson, Binotti, Bresden, Uczen, and Siedlinski. . . . Al Jason reports the release of another platter by Coral on Nov. 20, "A Book, A Candle and A Prayer" and "The House of the Lord"-(good listening). Vic Seitz' son is a freshman at the Brother Rice School and Steve Radochonski's boy is starting there too. . . . T. A. Gasior visited his son who is on active duty at Fort Devans. . . . Football fans seen at a recent Notre Dame game were: Seitz, Klabacha, Potempa, Lapka, Davido, Kanchier, Unger and Duffy. . . . The Dental Arts Club has secured Dick Davido for a talk on practice management for their next meeting. Dick has earned a demand for his lectures. . . . Roman Urban's father, Edmund, got away from dentistry for four months to tour Europe with his wife and is returning Dec. 4th. Meanwhile, Roman is holding the fort and keeping the homefires burning. Cranky furnace and clogged sink are a problem. . . . Milas is a volunteer worker in charge of a cancer research problem. He has no comment so far. . . . John Theodorou is taking a course in Russian (in preparation for any eventuality?). On the other hand, rumor has it that Davido is preparing a future general by sending his son to a military academy.... Englewood Nimrods are taking to the field and woods: Ed Serr shooting turkeys in So. Dakota. Bill Shippee went to Townsend, Wis., after pheasants and to Green Bay for ducks. Ed Werre & son gunned pheasants at Morris, Ill. . . . Newcomers to the sport, another father & son team, Wally Raczynski and Wally Jr., bagged some pheasants at a shooting preserve. Now they are trying the old technique to win and influence farmers by buying lots of eggs at the source thereby hoping to secure hunting privileges on farmlands. . . . Joe Vocat is very proud of his son, Joe, Jr., who earns his way by putting on public performances on ventriloquism for various groups. He's good too. . . . Bill Lexa has retired due to ill health and Bart Kostrubala takes over to continue the good work. . . . Vince Milas salutes the fine old men on "Old Timers Night" (Dec. 8) and poem gasser Ro Waska by offering the following gem by otter Unone:

How do I know my youth is all spent? Well, my get up and go has got up and went.

But in spite of it all I'm able to grin, When I think of where my get-up has

-Julius J. Dziubak, Assistant Correspondent.

North Side

Because no one else is volunteering any news, I'll have to start with some about myself. I just got back from a fishing trip up in Wisconsin and didn't catch a single thing. The temperature was close to zero and the wind close to gale proportions and here we were sitting in a boat. Crazy? But fun. . . . This item came in too late for the last column. Rube Kadens, who is chairman of our workshop committee, has announced that they have a full-day seminar on Practice Management with one of the most outstanding men in the country. He is Dr. Iim Kershaw who has cliniced from coast to coast and border to border. We were indeed very fortunate to

have obtained his services. The seminar will be held at Tam-O-Shanter Country Club on Wednesday, December 9th, starting at 8:30 a.m. The fee of \$15 includes continental breakfast and a luncheon. This is a tremendous bargain because the branch is subsidizing part of the cost. Contact Rube Kadens early to assure getting a reservation. . . . Clinic Day is now over with and I'd like to congratulate Max Chubin on a job well done. He and his committee and our branch officers put in a lot of time and effort to give us such an excellent day. Thanks again, men. . . . Vince Madda told us he has Alexis Maier in his medical building with him. Congratulations and best wishes on the new office. . . . New addition department: Sherwin Laff has a son and Shel Rosenstein has a daughter. Red Burke, ex-north side member, now in California, is the proud papa of a baby girl. . . . Herb Lippitz is now a true north side resident on Lake Shore Drive. . . . Four of our N.S. members have won the Commandant's Trophy from the Naval Reserve Dental Company for outstanding performance as a naval reserve unit. They are: Bernard Rabin, Herb Blum, C. M. Lachmann and Bill Osmanski. . . . Sid Asher read a paper before the Chicago Association of Orthodontists on "Extraoral Traction Therapy." . . . Gary Hyler has moved to Arizona as of July first. . . . Mel Schainis had no news but his buddy, Hal Sitron gave a clinic at the University of Illinois Homecoming. . . . The Uptown Dental Forum, that real progressive N. S. group, is again planning its anniversary party for the first week-end in April. They are again returning to Oakton Manor by popular request of all the members who had such a terrific time there last year. We're going to take the place over exclusively and those of you who missed the affair last year had better get your reservation in early. We close at 150 people. Call Carl Sudakoff, who is the chairman, to place your temporary reservation. . . . Earl Elman was telling us that Bernard Allen had a minor operation and that all is well now. Also that Carl Asher had some sort of accident, but on checking it out, we find he is now in Miami Beach. . . . Fred Hansen just called to tell us he is now located at 25 East Washington. — William Semiloff, Branch Correspondent.

North Suburban

Shucks, fellas, you just missed it! The Robin Hood season for deer in Wisconsin (it even nauseates me to type that word after our recent tragedy in Dyche Stadium) is over and just as well too, as I feel many patients might stand with heads bared and bowed, but with a sly sort of smile on their lips to see you all passing by draped over a fender-going home! . . . Gerald Kalvelage was passing out cigars at the November meeting of the Lake County Dental Society; it seems his wife gave birth to a bouncing boy that day, 2 November. Vital statistics were: Daniel, seven pounds five ozs., and a Daddy who'd rather be at a dental meeting than his wife's side on the second biggest night. . . . Eli Olech, Highland Park, was off on the 11th of November until the 15th to the Annual meeting of the American Coordinators of Cancer Teaching held in Houston, Texas. Dr. Olech, a member of this group of medical and dental teachers of cancer study, is the dental coordinator at the University of Illinois Dental School. . . . The Roosevelt University announces a workshop on Hypnosis and Applied Psychology on the ninth of December. All interested persons should contact Dr. I. I. Secter, at WA 2-3580. . . . CDS applicant, Larry Kelly, Mundelein, was out of his office for two weeks early in November with bronchial pneumonia. . . . Julian Tack, of Libertyville, was up north fishing early last month and since no one has heard him bragging I guess he didn't do too well. . . . Wilson K. Fisher is truly extending himself in a southerly direction up on Central Street in Evanston. It appears a most sumptuous yet cozy clinic will be the result,-Grandma Moses, A Branch Correspondent.

AMUROL PRODUCTS COMPANY NAPERVILLE, ILLINOIS

Kenwood-Hyde Park

Warning! If this column lacks its usual warmth, humor, good taste, inclusiveness, articulate command, and over-all excellence, it's because Stan Korf and his wife Betty are fun-making in New York City. Although Stan realizes he's a bit late for the ADA Centennial Meeting. he feels that his post-convention visit is a fitting climax to this historical event. . Graham Davies approached me with a peculiar handshake-palms upthe other day. Since he won the aldermanic election of his district in Michigan he has learned, I presume, that skin grafting isn't the only kind. Ha! . . . Ascher Jacobs and Elmer Ebert did not attend the November 3rd Kenwood-Hyde Park meeting for a very good reason, Ascher was out at South Suburban informing the members on matters concerning possible future dental legislation pertaining to prepayment dentistry. Elmer was out at the Northwest Side Branch meeting discussing current dental legislation with respect to mandatory work orders. We'll hear their important message at Kenwood Hyde-Park on December 1st. . . . Joe Wiener is looking forward to having some hot tomatoes with his enchiladas down Mexico way this winter. . . . One must bypass an efficient dental assistant to talk with Howard Harvey these days. I guess I talked him into it. Good luck! Now I expecthe'll have that new Pontiac before longperhaps even a Cadillac. . . . That real nice guy Willard Johnson attended the Eighteenth Mid-Continent Dental Congress in St. Louis, Mo. Ed Giles got some of those fine-feathered friends in South Dakota—about seven pheasants, I heard. . . . Trigger happy big daddy, Wayne Fisher, and Wayne, Jr., got much the same results near Joliet, Ill. Looks like a rough season for the poor pheasants. . . . We congratulate Frank Orland of Zoller Clinic for again being appointed to the Council on Dental Therapeutics of the American Dental Association. . . . Ascher Jacobs was road-testing his new Ventura

(Continued on page 29)

THE MARCH OF ETHICS

Organization of the National Association of Dental Laboratories

In October, 1951 the N.A.D.L. was founded at Washington, D.C. Its stated purposes are to uphold and advance the dignity, honor and efficiency of those engaged as operators of dental laboratories; to advance their standards of service to the dental profession; and to

establish cooperation among its members by encouraging strict adherence to all laws relating to the regulations of dental laboratory technology and assisting in the adoption of new laws whenever they appear necessary to promote the best interest of the public health and welfare.

The Code of Ethics of the N.A.D.L. includes a specific provision which makes it unethical for its members to "render, or aid others in rendering, any service directly to the general public."

We, the undersigned, pledge to maintain and, where necessary, strive to improve the standard of dental laboratory ethics, and to support the profession in their stand against malpractices.

For Sale: Automatic phone-answering and recording machines. Priced reasonable, Ansra Phone Co., ROdney 3-0616.

NEWS AND ANNOUNCEMENTS

(Continued from page 16)

tion; however, all branches of C.D.A.A. will meet, as follows:

North, Northwest and North Suburban on December 1 at the Villa Sweden Restaurant; dinner, 7:00 p.m. A program on the Chicago Dental Society Dental Budget Plan will be presented.

South Side on December 8, a Christmas party at the Martinique Restaurant; dinner at 6:00 will be followed by a style show.

West Suburban on December 8, a Christmas party at Otto's Restaurant with dinner at 7:00.

I.D.H.A. MEETING

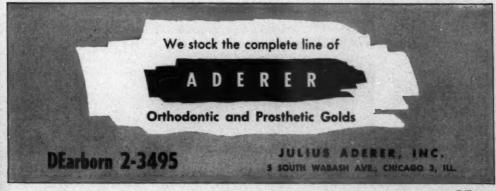

The next meeting of the Illinois Dental Hygienists Association will be held at Younker's Restaurant on Thursday, December 10th. This will be the annual Christmas party, and each girl is to bring a \$1.00 grab-bag gift. Reservations may be made with Mrs. Ruth Edelman at ID 2-7665 (home), WI 5-0510 (office).

Applicants for Membership

HOYT, WAYNE E. (Northwestern 1959) West Suburban, 8402 Grand Ave., River Grove. Endorsed by James K. Betty and Benedict J. Lennox.

LYNGH, EDWARD P. (Northwestern 1955)
West Suburban, 4727 S. Willow Springs
Rd., LaGrange. Endorsed by Donald W.
Ourada and Leslie M. Butler.

NEVILLE, MARK E. (Marquette 1955) North Suburban, 540 N. Milwaukee Ave. Endorsed by Connell C. Medley and William S. Sherwood.

MIDWINTER PREVUE

(Continued from page 11)

bers will be Dr. Paul H. Jeserich, President of the American Dental Association, Dr. J. Roy Doty, Chairman of the Council on Dental Therapeutics for the A.D.A., and Dr. and Mrs. W. Clinton Fisher.

Also of particular interest will be a demonstration by Dr. James Gardner of Cambridge, Mass., of the audio-analgesics. The Indianapolis Study Club Group will present an all-day projected essay program on Monday, "Dentistry as a Whole." This will be amplified by a number of table clinics. Then on Tuesday, the Mid-States Odonto-Occlusal Study Club Group will-give an all-day projected essay program, "Dentures." This will be followed by progressive table clinics.

Another word on the breakfast conferences. Each morning breakfast will be served in the Williford Room at a cost of about three dollars per person. There will be a discussion leader but no prepared topic, and as attendance will be limited it will be necessary to sign up in advance for these Breakfast "Clinics."

Now a note on the social side of the Meeting. Wait until you see the publicity on the Dinner-Dance! Without doubt this will be the most fabulous show ever offered at a Midwinter Meeting. The Society has gone all out, and the entertainment will be the Merriel Abbott production direct from the Empire Room of the Palmer House—the entire show and orchestra. The stars are Monique Van Vooren and troupe, and Alan King. If

you have caught this Monique doll at the Camellia House or Empire Room, or have seen her in the movies or on TV, you know she is sensational, and of course you know that Alan King is the present comedy rage of the country as you've probably seen him on the Jack Paar show or his 12 consecutive appearances on Ed Sullivan's TV shows. This is the biggest entertainment bargain ever offered us so get your tickets early for a good table. You won't want to miss this show! And while you are at it, pick up a ticket for the little woman for the Ladies' Luncheon on Tuesday. This, too, is going to be extra special this year. The Fashion Show will be presented by Bonwit-Teller, and will be a glamorous showing of apparel for every occasion, ending with a surprise finale. There will be a delicious luncheon and perhaps other surprises. The gals really look forward to this event-it is the highlight of their visit to the Midwinter Meeting.

This is but a brief summary of what we have to look forward to at our 95th Meeting. Here are four days that all of us should reserve right now, for we can't afford to miss an opportunity like this where all the latest knowledge and information is available to us, and where we can relax and enjoy good fellowship as well. Plan NOW to be on hand—February 7-10, 1960. Study the preliminary program in the FORTNIGHTLY REVIEW in January for full particulars.

In the meantime, the best of wishes for a happy holiday season, and a bright and prosperous New Year.

NEWS OF THE BRANCHES

(Continued from page 22)

Pontiac as Elmer Ebert and Ascher were headed for some speech-making in Rockford. A very polite Toll Road cop checked this burst of enthusiasm without the expected ending. Was it luck or Ascher's persuasive conversation? . . . Jesse Carlton, our director, was recently honored with a new grandchild. Congratulations! . . . Harry Hartley, on the other hand, is an expectant grandfather. Good Luck! ... Kenwood-Hyde Park sent flowers and a note to Aaron Klebansky who is recovering from an automobile accident. He is convalescing at Michael Reese Hospital. We all wish him a speedy recovery. . . . We wish Richard Perlow the best on the opening of his new offices at 106th and Ewing. . . . Sid Berg proudly mentioned that his son is a member of the Culver Military Academy. . . . Linn Cooley sang with the Men of Steel Chorus before the Better Business Bureau meeting. Good for versatile Linn. . . . Flash! Stan Korf just got back from New York City more or less-more fun and less money. Stan must go for well-seasoned food. He and Betty dined at the new Four Seasons Restaurant there. . . . Knowledge-hungry colleagues and other members of Kenwood-Hyde Park: Daniel Laskin will give a comprehensive account of how to prevent post-operative headaches for both the patient and the dentist. If you are using too many sedatives these days, YOU BE THERE! Don't forget to bring your indispensable

office partner, your dental assistant, January 5th. Time: 7:00 p.m., Place: Del Prado Hotel—Your pinchhitting scribe, Henry Leib.

West Side

Our last meeting was well attended with a very attentive audience for Dr. Irving Stone's presentation on Intraoral Splinting. Essentially this splinting procedure is comparable to the splinting used orthopedically, immobilizing teeth for bone healing. Surprisingly enough Dr. Stone's experience indicated that there was a range of vertical dimension limits which enabled almost all patients to tolerate their splints during the treatment and healing phases. Also, the prosthodontist then merely incorporated this tolerated vertical dimension and occlusal movement pattern in his permanent splints. . . . This interest in periodontia among our West Siders is a very good sign that the general practitioner is now more aware of the most neglected field of dentistry. . . . Our next meeting will be December 8th, and the program will be presented by the Dentists' Supply Company of New York. It will be a twohour integrated color-slide demonstration of esthetics in dentures through the use of twin projectors. I saw some of this material at the New York Centennial and it is new and quite interesting. Please be sure to attend. . . . A card with many, many of our signatures was sent to Dr. Harry L. Brown who is recuperating from

a minor ailment (we hope) with our very best wishes for a speedy recovery. . . . Victor Ganz, our able program chairman, is now being seen around town in his new '60 Olds hardtop . . . happy driving.—Samuel Silver, Branch Correspondent.

Northwest Side

The November meeting again broke all old records for attendance with 80 for dinner and a total of 120 registrations. Sixteen past-presidents were counted and recognized with applause. Elmer Ebert spoke on re-registration of dentists effective in March of 1960 at a cost of \$6.00. From then on re-registration will be required every two years. He also mentioned that written work orders in duplicate for prosthetic work will now be required. The lab and the dentist are required to retain these work orders, which are subject to inspection, for a period of three years. The third change in the Illinois Dental Practice Act applies to phone book listings limiting the information to name, address, phone number, and specialty if any, only. Dr. Harris and Dr. Cantafio spoke on relines and repairs. Their information was received with enthusiasm and the evening ended with a large question-loaded group crowded around the two clinicians. . . . The U. of Ill. dental alumni homecoming was oversubscribed. Three hundred dinners were ordered and the food ran out rather early. We wonder whether any of the following went up for seconds: Scislowicz, Zielinski, Mershimer, Koplan, Kolodziejczyk, or the Weclews. . . . Dr. Secter informs me that Roosevelt University is announcing a Workshop in Hypnosis and Applied Psychology, Wednesday, Dec. 9. The program theme will be "How Hypnosis Can Help You in Medicine and Dentistry." If you'd like an enjoyable and informative afternoon send your check for \$3.00 to Dr. I. Secter, Roosevelt University, 430 S. Michigan Ave., Chicago 5. Make checks payable to Roosevelt University. . . . Bill Starsiaks'

son Drew became an Eagle Scout in a city-wide ceremony Nov. 8th. Congratulations, Drew, and let's hear when you add the palms to the Eagle. . . . Speaking of boy scouting, Bob Kruckmeyer's reserve unit will camp at Fort Carson, Colorado, next summer at the same time the scouts are holding the National Jamboree. The following information was received from Joe Kulerski and others: New homes: Clarence Brandt, Park Ridge; Mike Guerrieri, Park Ridge; Viggo Sorensen, Park Ridge, and Ed Skrysak, Mt. Prospect. New Buildings: John Finucane, Mundelein, and Joe Rossa, 5400 Milwaukee Ave. New car: John Zelin, Chrysler Imperial. New living room: Ted Chase. Recent trips: Clayton Crane, retreat in Dubuque, Paul Lovell hunting in Nebraska. New. babies: Clarence Brandt, Mike Guerrieri, George Birch and Bob Kruckmeyer. The last category with previously reported news indicated strongly that last winter was a real cold one. Here's to more and colder winters. . . . Don't forget the next meeting at DiLeo's. The program will be "A Night of Surgery with Three of the Best" featuring Viggo Sorensen, Mitch Kaminski and Elaine Stuebner. . . . See you all at DiLeo's, Tues., Dec. 1st .- V. T. Weclew, Branch Correspond-

West Suburban

Round Table will meet on Monday, December 7, at Oak Park Club. Topic will be "Individuality and Esthetics in Denture Construction." Mr. J. R. Hancock of Dentists' Supply Company will be the narrator. The 25th Anniversary of the Round Table will be celebrated.

Regular monthly meeting will be Tuesday, December 8, at Riverside Country Club. The speaker will be Abraham Berliner, D.M.D. and his subject "Functional Repositioning of Periodontally Migrated Teeth." Fellowship hour at

Ask your Trubyte representative to order your copy today.

THE DENTISTS' SUPPLY COMPANY OF NEW YORK York, Pennsylvania

These golds meet all your inlay needs

DEEONE-Soft Type "A" Casting Gold of 65 Brinell hardness. Used where a *soft* inlay gold is indicated, especially for gingival and one surface inlays.

DEETWO-Medium Type "B" Inlay Gold of 100 to 105 Brinell hardness. The right alloy for average inlays, bridge abutments and cast bridge work.

DEESIX-Hard Type "C" Inlay Gold of 128 to 189 Brinell hardness. Heat treats readily. Excellent for carmichaels, 3/4 crowns, cast crowns, M.O.D. and cast bridges.

You can count on the same fine working and serviceable properties in these DEE GOLDS every time, because scientific control of production assures unvarying uniformity. If you have not used DEE GOLDS, may we suggest you try them. They meet the A.D.A. specifications and we're confident you will find them very satisfactory.
